HOME IMPROVEMENTS MADE EASY

Your home is more than just a purchase, it's an investment. With proper upkeep and continued maintenance, your home's value can be more than what you paid for it. Simple changes like an updated kitchen, a remodeled bathroom, or extravagant landscaping can significantly increase your home's value. The only problem is finding the funds for these projects. Luckily for you, we have a solution!

With a Home Equity Line of Credit (HELOC), all your home repairs are within your reach! A HELOC is a revolving line of credit, similar to a credit card, where you can borrow as much as you need, within your limit, for any repairs or improvements. Since it's a revolving line of credit, you only make payments on the amount you borrow, saving you money in the long run. Best of all, at Fire Police City County Federal Credit Union we have no closing costs!

Stop in at our Covington Plaza location and meet with Julie, our Home Loan Specialist! With her exceptional knowledge of all things home-related, she can help put those home improvements in your budget. To schedule an appointment with Julie, give her a call at (260) 469-5956 or email her at Julie.sherwood@fpccfcu.org.

Safe Travels

Whether it's burying your feet in the sand, or that long planned trip to the big city, vacations are meant to be an escape from day-to-day life. But while you're miles away from your home, scammers are hard at work, and tourists are the perfect victims.

A common scam at tourist attractions is called skimming. Skimming is the act of fraudulently copying card information through the use of cameras, false card readers, and number pad covers. These techniques are used to obtain your card number and your PIN. All it takes is a simple swipe of your card and you'll be none the wiser.

There are plenty of ways to protect yourself from this scam. Look for anything out of the ordinary about the device you are using. A safer option than cash is to purchase a Travel Card and load the money you need onto it. A Travel Card will keep your money safe.

Keep your vacation stress free and stay safe this summer.
