## Meet Brice, Our Certificate Specialist

A common misconception in any type of financial planning is that you have to have lots of money in order to start saving. Nothing could be farther from the truth. In fact, the more limited the funds are, the more important it is to ensure that they're being used wisely.

Did you know that by putting the extra funds you do have in a Share Certificate can grow your savings faster than the amount of time it would take to grow it in a regular savings account? Share Certificates are the safest and most reliable way to build your savings and keep it secure. They're one of the best tools in financial planning and our March rates are the best yet! You set the term and the deposit amount and all you have to do is watch it grow!

All through the months of March and April, you can meet our Share Certificate specialist, Brice Vinson, at our Covington Plaza location where he will bestow his knowledge of the art of saving upon you. If you would like to set an appointment with Brice you can reach him at (260) 918-6263 or by email at [brice.vinson@fpccfcu.org](mailto:brice.vinson@fpccfcu.org).

## Silver Star Mortgage, the Silver Lining

Retiring early is the dream. You get to spend more time with your family and enjoy your hobbies while you're healthy enough to do so. You can say goodbye to the workday world and begin your permanent vacation. Maybe it's less of a dream and more of a necessity. Maybe health problems like chronic pain or arthritis are forcing you to consider giving up your career before age 65. Perhaps your children need you to help with caring for your grandchildren.

Whatever your reason for retiring early, we want to help make planning for your retirement as stress free as possible. With our Silver Star Mortgage program you can pay off your home in 10 years or less! Don't let another bump in the financial road keep you from retiring early.
