Don't Get Stuck This Winter!

We know you love your car. Protect it with Mechanical Breakdown Protection (MBP) from Fire Police City County FCU. Dealers love to sell their extended warranties, which offer less value than the Credit Union's MBP program and typically costs hundreds of dollars more! Your MBP with the Credit Union is a smart way to cover the expense of mechanical failures.

Should your vehicle experience a malfunction after the manufacturer's warranty expires without an extended warranty, you will have no protection from the unexpected repair costs that can be thousands of dollars. While engines and transmissions are more reliable than ever, vehicles today are complex and contain high-tech sensors, electronics, and computers that frequently suffer unexpected failure and need to be replaced. Call us today for a price quote!

Reflection of Caring

The year is flying by and we've been busy in the community these last few months! Did you see us out and about?

Credit Union representatives proudly provided support to community events for various organizations including: Crime Stoppers Golf Outing, FWFD Fill the Boot for MDA, Guns N Hoses Charity Golf Outing, New Haven Fire Muster & Expo, Animal Care & Control's Walk for Animals, Charity Ride for Devin, FWPD Family Picnic, Turnstone's Community Health & Safety Fair, and more!

Follow us on Facebook and Twitter to keep up with all the events we love!

Shop Safe this Holiday Season

The world of online shopping provides an opportunity to save time and money; and with tablets and smartphones, it's easier than ever! Here are some tips to ensure a positive experience this holiday season.

Don't Buy While Connected to Public Wi-Fi: When making purchases, or accessing personal or financial information, do so from a secure network, not at a local coffee shop.

App Savvy: Download apps directly from a trusted source such as Google, Apple, or Amazon.

Lock Your Device: When not in use, ensure your device is locked to protect it from wondering eyes that may not be trustworthy.

Install a Security App: If you are using your mobile device for shopping or to access personal and financial information, it is important to install a security app and mobile anti-virus software.

Do Not Click on Email Links: Just like on your computer, don't click on email links you receive from unfamiliar web sites. These types of "deals" frequently lead to identity theft.

And, always remember, contact us immediately if you feel your account has been compromised!
