How to Shop for Travel

Summer is finally here! Whether you're taking a family road trip in an RV or flying to a beach destination, there are a few things you can do so you are prepared for that summer vacation.

- Consider using a comparison website or apps to shop for hotels and airfares. Be sure to read the ticket or reservation information before making a confirmation.
- Check the latest TSA rules if you're flying. Refresh yourself on the rules of what you are allowed to bring to help prepare for the security lines.
- Use a travel app to find activities, restaurants, and local sites to learn more about your destination. Make a list of what interests you and your family enjoy so you don't have to worry about finding something to do or eat!
- Tune-up your vehicle before your road trip. Check your tires and oil so your vehicle is ready to go for your trip. You might also consider putting a roadside emergency kit in your car.

You can plan your future travels debt-free with dedicated savings account for your vacation! We offer a **Vacation Club Savings Account** for whatever trip you're planning. Benefits include:

- Choose how much to save and how often to deposit
- No Minimum balance requirements
- Free withdrawals
- Earn dividends that are credited and compounded quarterly
- No monthly fee

Meet Terri, Loan Officer of the Month. She's here to answer all your loan questions.
